

Protect the Public Post Office

Keeping Communities Connected!

**Save the date for our day of action to
protect our public Post Office!**

Tuesday, July 28

We are asking our members and local unions to take part in a National Day of Action on July 28. We must unite with the public to stop attacks on our public Postal Service, to demand pro-postal leadership of the USPS, to defend Vote-by-Mail, and to address the long-term funding needs of the Postal Service.

More information coming soon.
